

## RTC

PATENTED

- Has two possible lengths of blade extension
- Can be used as a standard utility knife or a tray cutter
- Thumb guides are held in place by rare earth magnets and are easily extended
- Sturdy thumb guides enable the user to quickly and easily remove the tops off of cartons
- Left and right hand usage

## BPK

PATENTED

- Easy open – no screwdriver needed
- Soft grip body
- 2-stage, self-retracting action
- Blade remains extended without thumb pressure until the user completes the cut
- Left and right hand usage

## PSEB

- Double edge blade with plastic edges
- Used for scraping adhesive residue, gum, and paint easily
- Engineering grade plastic edges over-molded on a steel core
- Reduces the chance of scratching delicate surfaces

PATENT PENDING

## FSK

- No exposed blades & no loose parts
- Easily cuts pallet wrap film and plastic straps
- High visibility color
- Disposable
